ABOUT US

Epinion is a consultancy firm, originating from Denmark and specializing in Market Research and Business Intelligence. Comprised by a team of highly trained specialists and ambitious talented expatriates, we are dedicated to improve and enhance our clients' competitive advantage by finding the best business solutions.

To effectively engage and deliver the highest quality work to international and local clients, we rely on each individual performance and the team as a whole. Indeed, our most valuable asset is the human capital, and in the long run, we are committed to building the strongest team in our field.

As a tailor made business solution provider, a day-to-day work in Epinion is challenging yet exciting. Different tasks would enable team members to be reliable, energetic, and above all, motivate the pursuit of excellence personally and professionally.

Epinion sees diversity as a resource and appreciates that each employee contributes with their particular background, personality and abilities. We welcome all qualified applicants regardless of religion, sexual orientation, ethnicity and/or handicaps. Our final decision is 100% based on merits.
